

Funding the Future

Please don't try to buy this book

Published: January 13, 2026, 10:33 am

This book, supposedly by me, is being advertised on Amazon:

This comes from Amazon.

There is only one problem. There is no such book. I cancelled the contract to write it in 2022 when I had long Covid and had no energy to work on it over very many months. Once I got better I decided not to revive the project because there was by then too much else to do in catching up with time lost. So, this book does not exist. I have told Amazon and Wiley. Meanwhile, please do not try to buy it. You will be very disappointed if you do.
