

## Funding the Future

# The national debt is not as big as the government claim...

Published: January 14, 2026, 12:23 am

---

I just posted this short video on the national debt on TikTok. I think we've upped our production values in this one. Comments would be welcome.

This morning's post on TikTok has had more than 20,000 view so far. That is not bad for about a week on the platform.
