

Funding the Future

Nye

Published: January 12, 2026, 10:23 pm

The National Theatre is offering free streaming of its amazing production of 'Nye' until Monday.

This is a play based on the life of Nye Bevan and the birth of the NHS, featuring an amazing performance by Michael Sheen in the title role but with an exceptional supporting cast.

If you need some entertainment this weekend, I strongly recommend it. This is the trailer:
