

Savers are the problem

Published: January 14, 2026, 6:12 pm

The rich aren't spending enough.

This is another view on that idea, which I promoted here not long ago. It's a few years old now, but the sentiment is, in many ways, quite right. People spending their income is what the economy needs.

Those with a dislike of swearing may not like this. For everyone else the message is clear: wealthy savers really do not help:
