

Only in Vulgaria and the USA

Published: January 13, 2026, 7:34 am

As mentioned by [commentator MarP](#) on this site, [this Bill](#) has been introduced into Congress in the USA:

The screenshot shows the CONGRESS.GOV website. At the top, there's a navigation bar with 'CONGRESS.GOV', 'Advanced Searches', and 'Browse'. Below this is a search bar with 'Examples: hfs, urea, "health care"' and a 'MORE OPTIONS' button. The main content area displays 'H.R. 1161 - Red, White, and Blueand Act of 2025' for the 119th Congress (2025-2026). It includes a 'BILL' section with a 'Track' button, a 'Sponsor' section listing 'Rep. Carter, Earl L. "Buddy" (R-GA-1)' (Introduced 02/10/2025), and a 'Committees' section listing 'House - Foreign Affairs, Natural Resources'. A 'Latest Action' section states 'House - 02/10/2025 Referred to the Committee on Foreign Affairs, and in addition to the Committee on Natural Resources, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned. (H.A. 1161)'. A 'Tracker' section shows the bill's progress: 'Introduced' (green circle), 'Passed House' (yellow circle), 'Passed Senate' (yellow circle), 'To President' (yellow circle), and 'Become Law' (yellow circle). On the right, there's a 'More on This Bill' section with links to 'Constitutional Authority and Single Subject Statements', 'CBO Cost Estimates (0)', 'Subject - Policy Area: International Affairs', and 'Give Feedback on This Bill' and 'Contact Your Member'. At the bottom, there's a 'Summary' section with a 'Listen' button and a note that 'There is one summary for H.R. 1161. Bill summaries are authored by CRS.' The 'Shown Here' section lists 'Introduced in House (02/10/2025)' and 'Red, White, and Blueand Act of 2025'. A small note at the very bottom states 'This bill authorizes the President to enter into negotiations with the government of Denmark to purchase or otherwise acquire Greenland. The bill also renames Greenland as Red, White, and Blueand.'

The text is small, so let's be clear: this bill is:

The Red, White, and Blueand Act of 2025

As is noted:

This bill authorizes the President to enter into negotiations with the government of Denmark to purchase or otherwise acquire Greenland. The bill also renames Greenland as Red, White, and Blueand.

I can only imagine two countries where this might be possible. One is Vulgaria, the fictional European country in the story of Chitty Chitty Bang Bang, which was ruled by Baron Bomburst.

The other is the USA, which is ruled by Donald Trump.

That is how absurd the world is becoming.
