

## When will Starmer notice the message from Canada?

Published: January 13, 2026, 10:00 am

---

I liked this from [Paul Krugman's Substack today](#), in which he discusses Canada:

*Just two months ago, Canada's governing Liberals seemed set for a historic collapse, with Conservative leader Pierre Poilievre the all-but-inevitable next prime minister. Now, if the polls are to be believed, Poilievre — who has been trying to escape his image as a Canadian Trump, but apparently not successfully — is effectively out of the running:*

The moral for politicians who are not pro-Trump is clear: mess with him at your own risk, but you face oblivion if you do.

When will Starmer notice?
