

### Portrait artists still have a job

Published: January 12, 2026, 9:02 pm

---

ChatGPT told me it had improved its image creation abilities. So I asked it to produce an image of someone called Richard Murphy, whom I described as an economist. This is what I got:

As my wife said, it's all correct and entirely misses who I am.

Portrait artists are going to have a job for a long time to come on this basis, which I found rather reassuring.
