

Remigration is a fascist policy

Sometimes you have to go to the source material to really understand what is being said. This is a post by Donald Trump on this [Truth](#) social media platform. It was published yesterday:

@realDonaldTrump

Our Nation's ICE Officers have shown incredible strength, determination, and courage as they facilitate a very important mission, the largest Mass Deportation Operation of Illegal Aliens in History. Every day, the Brave Men and Women of ICE are subjected to violence, harassment, and even threats from Radical Democrat Politicians, but nothing will stop us from executing our mission, and fulfilling our Mandate to the American People. ICE Officers are herewith ordered, by notice of this TRUTH, to do all in their power to achieve the very important goal of delivering the single largest Mass Deportation Program in History.

In order to achieve this, we must expand efforts to detain and deport Illegal Aliens in America's largest Cities, such as Los Angeles, Chicago, and New York, where Millions upon Millions of Illegal Aliens reside. These, and other such Cities, are the core of the Democrat Power Center, where they use Illegal Aliens to expand their Voter Base, cheat in Elections, and grow the Welfare State, robbing good paying Jobs and Benefits from Hardworking American Citizens. These Radical Left Democrats are sick of mind, hate our Country, and actually want to destroy our Inner Cities — And they are doing a good job of it! There is something wrong with them. That is why they believe in Open Borders, Transgender for Everybody, and Men playing in Women's Sports — And that is why I want ICE, Border Patrol, and our Great and Patriotic Law Enforcement Officers, to FOCUS on our crime ridden and deadly Inner Cities, and those places where Sanctuary Cities play such a big role. You don't hear about Sanctuary Cities in our Heartland!

I want our Brave ICE Officers to know that REAL Americans are cheering you on every day. The American People want our Cities, Schools, and Communities to be SAFE and FREE from Illegal Alien Crime, Conflict, and Chaos. That's why I have directed my entire Administration to put every resource possible behind this effort, and reverse the tide of Mass Destruction Migration that has turned once Idyllic Towns into scenes of Third World Dystopia. Our Federal Government will continue to be focused on the REMIGRATION of Aliens to the places from where they came, and preventing the admission of ANYONE who undermines the domestic tranquility of the United States.

To ICE, FBI, DEA, ATF, the Patriots at Pentagon and the State Department, you have my unwavering support. Now go, GET THE JOB DONE! DJT

Over the weekend, politicians in Minnesota were assassinated. The evidence is fairly strong that the person accused of being responsible for the act was MAGA-influenced, at least. But here we have Trump talking about threats from 'Radical Democrat Politicians' and then demanding that his policies be 'executed'. The choice of words could not be more unfortunate.

Nor could the message of hate for all migrants be more vile.

And the deliberate association of migrants with crime, the Democrats, supposed political corruption, LGBTQ+ issues, and more could not be more cynical. The aim is to divide, to fuel hatred, and to create such a hostile environment that violence is apparently justified.

The idea of remigration is at the core of Trump's plan, as he makes clear. Once a word used to describe a migrant who returned to their country of origin, now the word 'remigration' is used by far-right political movements as a euphemism for mass deportations, usually of ethnic or religious minorities, even if those to whom the policy is to be applied are citizens of the country from which those using this language would wish to expel them.

Five things stand out in this policy.

First, this so-called remigration is not about choice: as Trump makes clear, this is enforced.

Second, this is deeply racially motivated: it is part of a broader agenda that is very obviously promoting supposed cultural purity, from which it is claimed peace and harmony will follow, which is glaringly obviously untrue.

Third, the idea necessarily challenges almost every established legal, social and ethical norm concerning citizenship, integration, and human rights.

Fourth, this is a challenge not just to the supposed illegal migrant, but to all people from the ethnic and religious minorities with which those supposedly illegal immigrants might be most closely associated. In other words, second, third and even more remote generations of those descended from from supposed minority groups are at threat from this policy, even though the only country in which they have the right to live is the one that those pursuing this policy would wish to expel them from.

Fifth, unsurprisingly, such a policy is an affront to almost every cause associated with the respect of the person, their rights and the rule of law precisely because it uses hatred, division, coercion (whether social or actual) and the power of the state to displace those, many of whom have thought they had an established right to live in a country.

This is what Trump is promoting.

This is, as I have often said, fascism in action.

And we need to have that openly acknowledged and condemned, not least by the leading politicians in this country of ours, where many already feel vulnerable as a result of the rise of beliefs of this sort. Unless they do this, those politicians, by implication, side with the likes of Farage, who openly shares Trump's approach and believes on remigration.

We are living in very dangerous times.
