This video was published by the [International Budget Partnership](#) yesterday, announcing the forthcoming launch of its new series on tax transparency, which I largely host:

Taxes shape our public services, our infrastructure, and our future. But how they're collected and managed should be transparent and accountable.

Debuting on June 24th: A groundbreaking video series exploring tax transparency and accountability, brought to you by the Global Initiative for Fiscal Transparency, University of Sheffield, and the International Budget Partnership.

Get ready to unpack how tax really shapes society.

It's taken a lot of time to develop this course, and there is already interest in its use in at least five countries on three continents. We're hoping it will make a difference.
