I know many people have expressed their desire to see Gary Stevenson and me in conversation.

Gary's team have told me that they have had many similar expressions to them.

As noted recently, Gary is aware of my videos and has praised them.

However, I am now told this will not be happening. His agent thinks he already has too many other media interviews, not that I thought I was offering a media interview.

All I can say is, I tried.

But I admit, we may well have not found much to agree on, given the content [of his latest video](#). I will have more to say on that soon, but it is fundamentally economically worrying, in summary.
